REMARKS

35

1. This paper is responsive to the Office Action mailed November 5, 2002.

Reconsideration and further examination is respectfully requested. No claims have been amended. No claims have been cancelled. Claims 1-56 remain. No new matter has been added.

40

2. Claims 1-56 were rejected under 35 U.S.C. §102(b) as being unpatentable over the publication of Jun Rekimoto. Applicant respectfully traverses.

Rekimoto discloses a hand-held electronic device that uses tilt as the input method to interact with graphical user interface items such as menu bars. In contrast,
